

26<sup>th</sup> October 2009

Dear Parents and Guardians

A fun filled educational program has been organised for our year 5 students on Tuesday 3<sup>rd</sup> November 2009 where they will participate in a science workshop run by the company “Cool Flyings” here at Rochedale State School.

This term we have been studying ‘*our use of energy and the impact this has on our lifestyle.*’ For students to further investigate this central idea the workshop has been designed to allow students to focus on common lifestyle issues relating to energy. This workshop will provide an opportunity for students to experience hands on activities both indoors and outdoors. Throughout this workshop students will experiment with aerodynamics, fluids (water), gyroscopic forces, solar and steam energy, electricity and magnetism.

The cost for your child to attend this 90 minute workshop will be \$7.50. If you would like your child to participate, please fill in the consent form below and put the money in the envelope provided.

**PLEASE RETURN THE CONSENT FORM TO THE CLASS TEACHER AND THE ENVELOPE TO THE OFFICE.**

Thank you

Year 5 teachers

**Natasha Ritchie,    Leanne Kaye,    Leigh Kilah,    Kent Fredrickson,    Richard Coote**
